RE: Docket No. 98N-1265

Dear Sirs/Mesdames:

As a consumer of healthcare services I would like to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In it's present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of physicians and patients to obtain healthcare products from the provider of their choice, and infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, there should be no restrictions to the delivery of a compounded medication prescribed for me, regardless of where I may live or may travel. The MOU must be amended!

The FDA is an agency of the U.S. Government that purports to be the "watchdog" for consumer safety. THIS IS NOT A SAFETY ISSUE!! As a governmental agency, the FDA also has a responsibility to be accountable to the people. Please look into this matter because the MOU must be amended!

Yours truly,

Mrs. Carol K. Rywick
